CIITS Report Bank Survey

In January, chief academic officers (CAOs) received a survey regarding the CIITS Report Bank. The deadline was Friday, Jan. 22 but has now been **EXTENDED TO FRIDAY, FEBRUARY 12**. Make sure you collaborate with your CAO and mark all reports your district would like to keep. We will use the information to determine which reports to keep and which of those reports to publish to teachers. We are also interested in your feedback concerning any other reports you would like to have created and published.

Pearson User Study

The Pearson User Study Application for CIITS New Version testing was sent out in December. Users were notified in early January if they were selected. We anticipate three rounds of testing: January, April or May, and late in the year.

Summary of Evidence

- On January 1, 2016, Educator Development Suite (EDS) access was reinstated for all opt-out Districts for the completion of the Summary of Evidence.
- Beginning Monday, January 4, the 2015-16 Summary of Evidence window was available in CIITS. At that time, leadership in all districts were given access to the Summary of Evidence Progress link in the Educator Development Suite (EDS) in CIITS.
